FLEXILAB

High Production Dry Lab with double sided printing

Compatible with iOS, Android and Windows*

*Windows from version 2.7

Think*it* Print*it* Prof*it*
Turn your ideas into profit

Modular and scalable

The Mitsubishi's Flexilab solution is a modular and scalable high production photo centre DryLab. Flexilab is specially addressed to Photographic Studios, Photo Shops and Retail Stores with photo service centre.

Flexilab not only allows you to adapt to your current customer's demands of traditional instant printing services, but also provides more professional editing tools and a wider range of innovative instant photo gifts to grow your current business.
