

Gift Kiosk AIO

The all-in-one photo gift solution

The most versatile and reliable photo gift solution from Mitsubishi Electric, the Gift Kiosk AIO is a stylish all-in-one photo kiosk perfect for any retailers photo printing needs.

The Gift Kiosk AIO has been designed to provide a complete photo gift solution for retailers, offering instant prints, ID photos and unique photo gift products. Print sizes include 4"x6" and 6"x8", with both gloss and matt finishing options from just one roll of media. With the integrated gift modules, customers can easily edit their photos and produce a range of photo gift products including personalised calendars, frames, greeting cards and collage style photo albums. What's more, with the Easy Photo and Kiosk Print App's now available to download, customers can send images from their smartphones to the kiosk and print stunning images in minutes. This versatile system can add a whole new range of services to any retailer wishing to expand their business.

Features:

* When a Mitsubishi CP3800DW is connected. To be purchased separately.

Specifications

Designed as an all in one digital photo kiosk solution. Mitsubishi's Gift Kiosk AIO consists of a digital processing unit with a stylish 22" multi-touch display interface and a high-speed dye sublimation printer. Images can be loaded into the system from all major digital media cards, CD / DVD, iPhones (with cable) or via a customers Facebook, Picassa or Flickr online account. With extra configuration your customers can also send images direct from their smartphones to the kiosk using the Easy Photo and Kiosk Print App's now available to download from Apple and Google Play.

CP-K60DW-S

Mitsubishi's Gift Kiosk AIO comes complete with Mitsubishi's fast CP-K60DW-S dye sublimation printer that produces high quality durable photographs in 4x6" and 6x8" formats using one roll of media with no wastage. The high capacity paper and ink rolls allow 320 prints per roll for 4x6" prints. The printer also offers either gloss or matt print finishes.
